Webinars and Trainings

Student Attendance to Webinars

The Office of the Student affairs and Services (OSAS) in cooperation with the Institute Student Government under the leadership of Hon. Boniebert P. Luciano spearheaded the conduct of a series of webinars for the month of December 2020 through different social media platforms.

On the first day, Dec. 16, 2020, two webinars were staged. In the morning, RA 7610 or Protection against Abuse, Exploitation, and Discrimination was aired to educate the participating students, faculty, and employees on how to handle conflicts with juveniles to avoid violating the said law. In furtherance, it was also stressed that protecting children against all forms of abuses would help promote the development of children to live a healthy lives which they truly deserve.

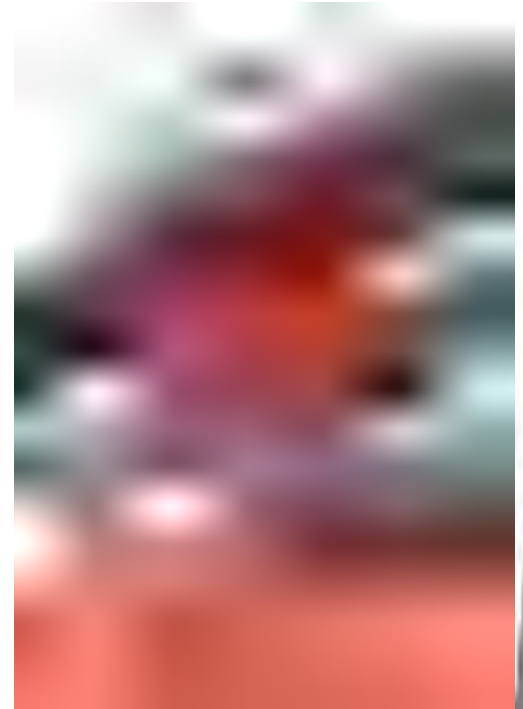

Labor Education for Graduating Students was initiated in the afternoon. The said webinar discussed and educated EARIST graduating students as they journey to a productive life as a member of the workforce. Participants gained valuable insights about their future rights and privileges being in the labor force. Similarly, they were encouraged to give their best as workers or as employees to help their companies grow and prosper.

The EARIST Library Services, under Ms. Rosalina Soriano, conducted a webinar entitled “**Amang Library Goes Online**” on December 16, 2020 through Zoom and Facebook live broadcasts with a hashtag AmangLibGuideToNewNormal.

This virtual orientation informed all EARISTians that despite the “no face to face” policy implemented by the Institute in time of the COVID19 pandemic, the library services is still open (via online request) to cater the scholastic needs of the students.

The accommodating staff members of the library services have proven that nobody can stop the curious minds to discover and explore through reading books and other materials.

Faculty Members Attendance to Webinars

To be fully equipped with the changes in the Instruction services and in preparation for flexible learning delivery system, the Institute allowed the attendance of twenty (20) Executive Officials and Faculty members in a webinar to establish Learning Management System (LMS) conducted by the Philippine Normal University (PNU) on June 11, 2020 from 2:00pm to 4:00pm.

13th EARIST RESEARCH COLLOQUIUM

On its 13th year, the Eulogio “Amang” Rodriguez Institute of Science and Technology (EARIST) held its virtual 13th Research Colloquium on September 29-30, 2020 with the theme “RESEARCH PRODUCTIVITY IN THE ACADEME AMIDST THE PANDEMIC: CHALLENGES AND OPPORTUNITIES”.

The 13th Research Colloquium banner which signalled the opening of the spectacular annual event of the Institute.

The highly acclaimed EARIST faculty researchers showcased their educationally crafted academic works in their respective field. The colloquium highlighted the institute’s exploratory competencies and aptitudes through oral and poster presentations during the onslaught of COVID19 pandemic. The organizing committee invited speakers who presented valuable information, cherished insights, and comparative issues related to the theme.

The consequences brought upon by the COVID-19 pandemic currently disrupt our everyday routine and led us to alter our ways of living. The academe is one of the sectors that is clearly highly affected which is why universities and colleges proceed to virtual classes while faculty temporarily settle in a work-from-home setup. With this, practicing several academic responsibilities such as research productivity are also challenged.

The College of Arts and Sciences (CAS), with the support of EARIST Research Services, will be conducting the **13th EARIST Research Colloquium on September 29-30, 2020**. With a theme "*Research Productivity in the Academe amidst the pandemic: Challenges and Opportunities*", the colloquium aims to highlight the institute's research capabilities and potentials through oral and poster presentations amidst the ongoing pandemic. Plenary sessions will also be held where invited speakers will present information, insights, and issues related to the theme. Following necessary safety protocols, the colloquium will be fully held online via Zoom platform.

Over fifty (50) papers were peer-reviewed and selected for oral and poster presentations in the following research topics:

Pure and Applied Sciences
Education and Social Sciences
Business, Psychology, and Public Governance
Technology and Innovation

The colloquium continues to attract participants in the institute as awards and prizes are also given to outstanding researches and presenters alike.

The organizers sincerely hope that armed with the support of the EARIST administration, faculty, and students, the Colloquium will pave a way for the institute to further innovate our research practice and culture with or without a pandemic.

The first day of the virtual 13th EARIST Research Colloquium started early to facilitate the full conduct of the affair wherein the Institute President delivered her opening remarks that signalled the inaugural of the event followed by the introduction of the invited speaker by the Associate Dean of the College of Arts and Sciences, Dr. Jinamarlyn B. Doctor. The invited plenary speaker was a full-professor from the Polytechnic University of the Philippines, Dr. Racidon P. Bernarte, who accommodated questions from the audience after his discourse. The awarding of the certificate and token of appreciation was made possible by the energetic dean of the college, Dr. Raymund B. Bolalin. Responsible to give the overview of the Research Colloquium was Mr. Jester N. Itliong, the CAS Research Coordinator. The participants were reminded about the Poster Presentations and Parallel Sessions to be conducted right after. This year's Research Colloquium was hosted by Mr. Jefferson A. Costales, a faculty member under the Computer Science Program.

The second day was started by the Parallel Sessions B followed by the opening session for Plenary 2. The invited plenary speaker was introduced by Mr. Lester C. Bernardino, Head-Applied Physics Program. To grace the occasion, Dr. Jackie D. Urrutia, Director-Research Management Office of PUP-Manila, conveyed his wisdom on the importance of research in the academe. There was an Open Forum where the speaker answered queries from the audience about research. The awarding of certificate and token to the speaker was given to Dr. Raymund B. Bolalin, Dean-College of Arts and Sciences. Announcement of Best paper, Best Oral Presentations, and Best Poster Presentations followed. The closing remarks was made by Dr. Grant B. Cornell, VPREIS.

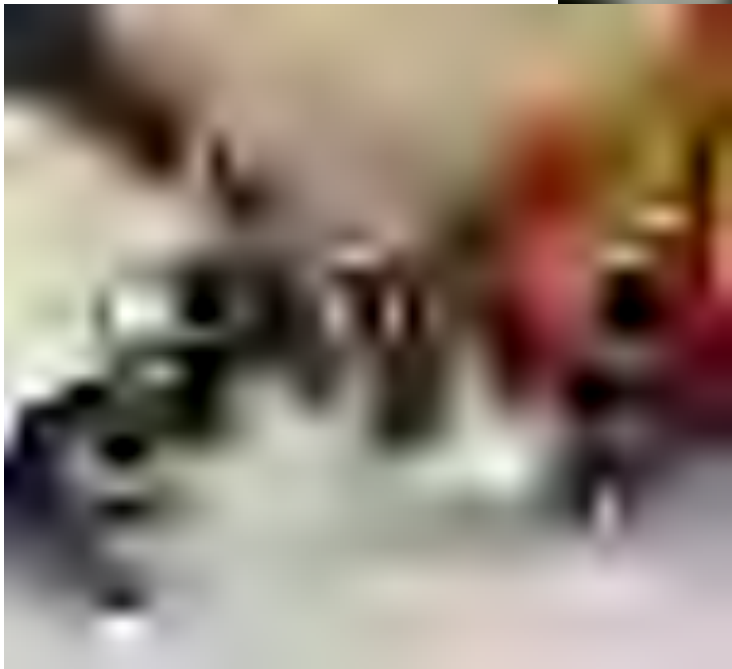

The annual Research Colloquium was made possible with the leadership of the College of Arts and Sciences under the deanship of Dr. Raymund B. Bolalin in cooperation with the the Institute Research Office headed by Engr. Rogelio T. Mamaradlo.

**The winners in the Best Oral Presentation Award
Technology and Innovation Category.**

In the Technology and Innovation Category for the Best Oral Presentation Award, the research titled “Design of Modular Internet of Things (IOT) Training Kit Suit-Able for Industrial Revolution 4.0” of Engr. Richard B. Banal (College of Engineering) bagged the First Place. This was followed by the study of Ms. Marjolina B. Queza (College of Engineering) entitled “Solar Exigency” in Second Place while the research conducted by Ms. Marjolina B. Queza and Ms. Meriam B. Libo-on (College of Engineering) entitled “Solar Security Street Lights” was awarded Third Place.

**The winners in the Best Oral Presentation Award –
Business, Psychology, and Public Governance Category.**

For the Best Oral Presentation Award - Business, Psychology, and Public Governance Category: First Place was given to **Dr. Arnold O. Adante** (College of Engineering) for his research entitled “Level of Earthquake Awareness of Engineering Students at EARIST: Basis for an Action Plan”; Second Place was conferred to **Ms. Olivia T. Picar, Ms. Jeanette T. Gabica, and Ms. Flordeliza C. Navarro** (EARIST Cavite Campus) for their study entitled “Development and Validation of Instrument for Career Choice of Selected Senior High School Students”; and Third Place was awarded to **Ms. Yvonne O. Carandang, Mr. Andrew Intia, and Ms. Claudette B. Timah** (EARIST Cavite Campus) for their study entitled “Assessment of Marketing Strategies of Selected Catering Services in CARSIGMA: Basis for Marketing Plan”.

The winners in the Best Poster Presentation Award.

The winners in the Best Poster Presentation Awards are as follows: First Place was presented to Ma. Lee Delos Reyes and Dr. Nancy G. Liwanag for their research study entitled "Delivery System of Selected State Universities and Colleges (SUCs in Region IV-A: Basis for Development Plan". Second Place was given to Dr. Nancy G. Liwanag and Ms. Apple Rapada for their scholastic work "Delivery System of Selected State Colleges in National Capital Region (NCR): Basis for Development Plan". And Third Place was bestowed to Ms. Shirley De Leon for her study "The SWOT Analysis of EARIST Cavite on HEIs Four-Fold Mandate".

RESEARCH PRESENTATIONS

There were EARIST researches presented in different international research conferences organized by prestigious research institutions.

Dr. Eriberto R. Astorga Jr. presented his research study entitled “The Implementation of Republic Act 8972 Known as ‘Solo Parent’ in the City of Manila, Philippines” in an international research conference on November 28-30, 2020 organized by the Philippine Research, Innovation, Management, and Education Systems, Inc. (PhRIME, Inc.).

Mr. Rowee M. Marfil of EARIST Cavite Campus presented a research entitled “Shapes Ville: A Visual and Descriptive Android Game” in the 4th International Conference in Research, Education, Management and the Social Sciences (ICREMSS) on December 19-21, 2020.

Engr. Ronald B. Baral from the College of Engineering presented his research entitled “Design of Internet of Things (IOT) Controller Module Suitable for Industrial Revolution 4.0” in the 4th International Conference in Research, Education, Management and the Social Sciences (ICREMSS) on December 19-21, 2020.

Engr. Rene Gene R. Repique from the College of Engineering presented his research entitled “Emergency Communication System” in the 4th International Conference in Research, Education, Management and the Social Sciences (ICREMSS) on December 19-21, 2020.

Mr. Edgardo Sison from the General Education Department presented a research entitled “TRAPPS” in the 4th International Conference in Research, Education, Management and the Social Sciences (ICREMSS) on December 19-21, 2020.

EXTENSION

ANNUAL
REPORT
2020

Highlights

Extension, as one of the quadruple functions of higher educational institutions, translates the academic institutions involvement in community development and people empowerment. It is an avenue where relevance and responsiveness of curricular programs are validated by enriched quality of people's lives and responding to community needs.

Essentially, Extension Services enable the academic institution to be a catalyst in social transformation of the students, faculty and communities through the developmental, integrated, comprehensive and sustainable programs, projects and activities.

Likewise, the Eulogio "Amang" Rodriguez Institute of Science and Technology (EARIST) Extension Program is considered as a set of projects and activities involving alumni relation, linkages, placements, community development Livelihood opportunity program regularly undertaken by faculty, staff and students through the Office of the Extension Services of the Institute and the college/Office Base Extension Units.

EXTENSION ACTIVITIES

Tulong Pandemya ng Rotary

The Rotary Club of Quezon Avenue Central in collaboration with the Research department of the Institute, conducted the distribution of health and COVID 19 prevention materials such as alcohol, face masks, and face shields to Gawad Kalinga Integrated Farm in Calamba, Laguna on October 14, 2020.

The Director for Research and Production Services - Engr. Rogelio T. Mamaradlo and the Chief of Security Services - Mr. Rommel Pedro D. Kirong are seen in the photo with the distributed COVID19 prevention and health materials.

This humanitarian act was the response of the said organization amidst the pandemic that is experienced by the whole world. To help reduce the spread of the dreaded virus, this said partnership was conducted to one of its extension partners, the Gawad Kalinga.

The distribution of relief goods to the Typhoons Rolly and Ulysses affected areas.

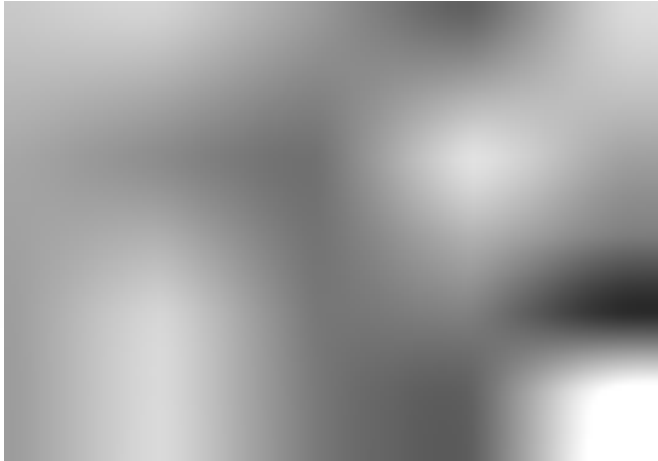

To show concern, love, and sympathy to our fellow Filipinos in times of distress, the EARIST Disaster Risk Reduction Management Office headed by Dr. Giovanni L. Ahunin, spearheaded the distribution of relief materials during the relief operations in Marikina and Montalban, Rizal.

The recipients of the relief operations were the adversely affected communities by the aggression of the two typhoons that hit the Metropolitan Manila area and its nearby provinces. This humanitarian act is a social responsibility of the school and its officials in this challenging times.

ISO Certificate of Registration

The International Organization for Standardization (ISO) or ISO 9001:2015 is defined as the international standard that specifies requirements for a Quality Management System (QMS). This outlines a framework for improving quality and a vocabulary of understanding for any organization looking to provide products and services that consistently meet the requirements and expectations of customers and other relevant interested parties in the most efficient manner possible.

After two (2) years of preparation for the Institute to acquire its ISO 9001:2015 Certification, on October 27, 2020 with the initiative of the administration, ACS W3 Solutionz conducted an external audit which was subsequently passed by this Institute. On December 5, 2020, the Institute (EARIST) received its certification issued by the W3 Solutionz to the delight of the administration and employees.

*The Certificate of Registration awarded to Eulogio
"Amang" Rodriguez Institute of Science and Technology
being an ISO 9001:2015.*

FOI Certificate of Compliance

One of the things that this Institute is proud of is its EARIST-FOI. This office under the Information and Public Affairs Services was awarded last year a Championship Plaque for State Universities and Colleges Category.

The Certificate of Compliance presented to EARIST by the Freedom of Information.

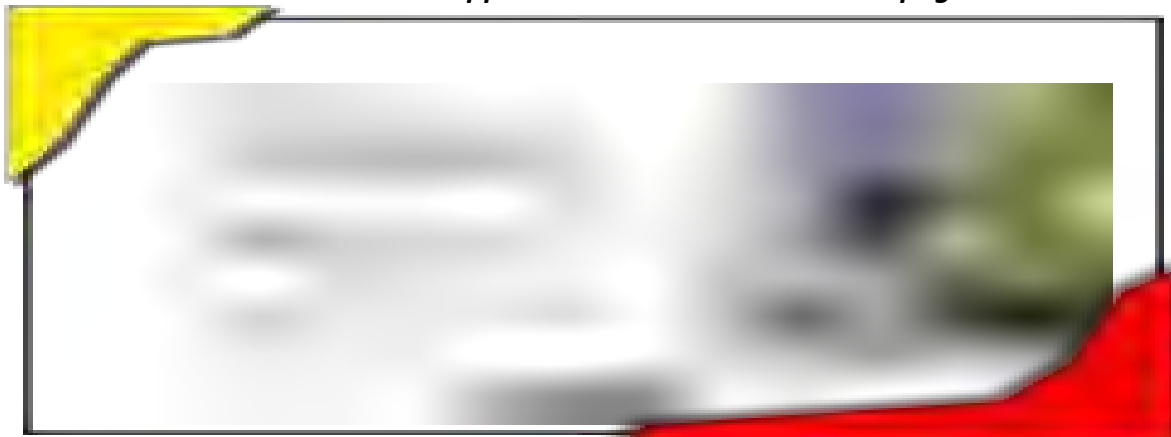

This year 2020, since its establishment as a separate office in 2016, it was awarded this Certificate of Compliance which shows that it is doing its mandate in compliance to the Executive Order that established it.

Memorandum of Agreement with Landbank of the Philippines

The Institute Administration and Landbank of the Philippines officials entered into a Memorandum of Agreement (MOA) for the online payment transaction thru the Landbank Link.Biz.Portal of every EARISTians. This is to expedite payments and to reduce face-to-face transaction in this time of pandemic.

During the mass, Rev. Fr. Carlos encouraged the EARIST students and employees to emulate the noble and significant contributions of Amang to the people. He even furthered that the works of Amang in the promotion of education of the poorest of the poor but deserving students in the country should be given emphasis in times of the COVID19 pandemic. As a benefactor of the Institute, Father Carlos stressed the need to help one another as the most humane deed all the time.

This event was prepared by the EARIST Interfaith Services under Prof. Ronald Doroteo.

Infrastructure

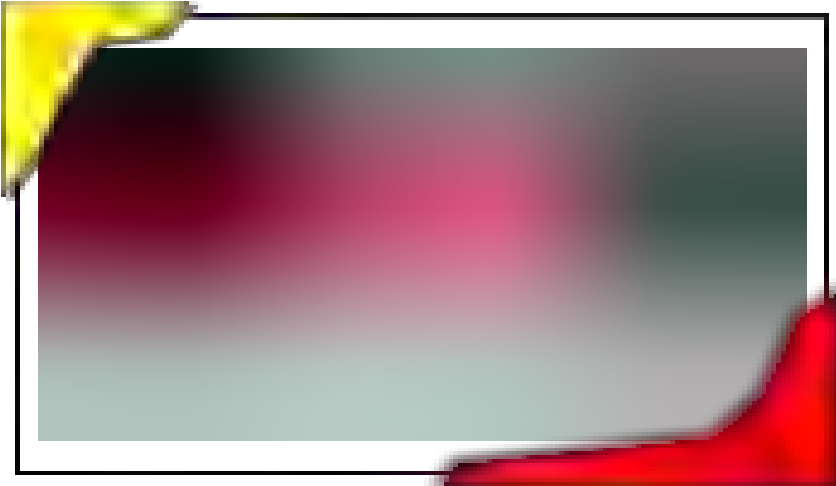

DESIGN AND CONSTRUCTION OF THREE-STOREY MULTI-PURPOSED BUILDING

Part of the EARIST Infrastructure Development Masterplan Plan, envisioned by the EARIST President, Dr. Editha V. Pillo, through the EARIST Institutional Infrastructure Planning and Development Office (EARIST-IIPDO), is the provision of a way for PWD and the elderly to easily access all floors of the buildings of EARIST and ways to exit the same, from any floor, during emergency. Combined with centralized ramp system of the new multi-level Computer Laboratory, and the provision of elevators at strategic locations in school compound, this three-storey connecting building was designed to provide easy access from the main building to and from the CEFA building, up to the fourth level. Now, students and teachers can easily access to and from both buildings without going down, reducing stress and travel time when moving from one class or office to another. The unique idea of this structure serving as both bridge and functional offices was conceptualized by the EARIST Campus Architect Maundelito Florendo, and was voluntarily studied by then student and now EARIST alumnus, Mr. Jonathan Torzar, through his architectural thesis.

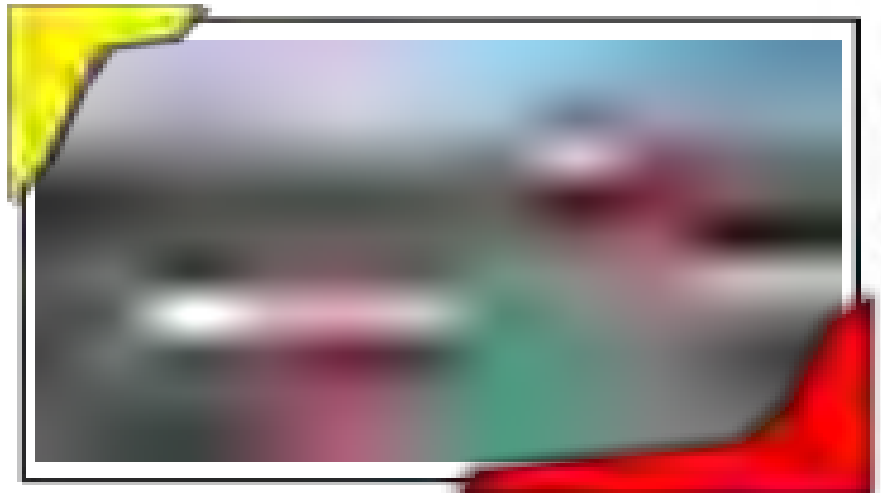

REPAIR/REHABILITATION OF ROOFING AND GUTTER OF THE ADMINISTRATIVE BUILDING AND ADJOINING SPACES

Due to its age, the EARIST Administration Building had experienced leaks every rainy days. To prevent damage to vital school documents, the EARIST President immediately ordered the repair and rehabilitation of the building roofing. Now, the office personnel can have a peace of mind because their documents, and the whole building, are safe from rain water damage.

View from the topmost part of the building showing the roof rehabilitation and waterproofing.

REHABILITATION OF THE ECE CLASSROOM AS REVIEW CLASSROOM

The Dean of the College of Engineering, Engr. Apolinario S. Sollano, recognized the important role of the school in extending assistance to its alumni in their review for board examination. Thus, the proposal to improve the Electronics and Communications Engineering (ECE) classroom was made so that it could also be used for review programs.

REHABILITATION OF THE INSTITUTE SCIENCE LABORATORY ROOM INCLUDING FIXTURES AND EQUIPMENT

Dean Apolinario Sollano of the College of Engineering proposed for the improvement of the Institute Science Laboratory Room located at the fifth floor of the CEAFA Building. The EARIST-IIPDO assisted in the monitoring of the said project.

REPAIR/REHABILITATION OF FOOD LABORATORY

Dean Maria Rhoda D. Dinaga of the College of Hospitality Management proposed for the improvement of their Food Laboratory located at the ground floor of the Nudas Hall of the EARIST Main Building. This is to conform to the standard requirements for some of its college programs. The EARIST-IIPDO assisted in the monitoring of the said project.

EARIST Cavite Campus

EARIST Cavite Campus initiated food packs distribution among its Non-Teaching and Job Order employees who were extremely affected by the COVID-19 pandemic. This humanitarian cause was overwhelmingly lauded by the recipients.

Food Package Distribution

On Personal Initiative, Dr. Coo gave away food packs to Non-teaching, and Job Order Personnel of ECC on April 4, 2020.

The recipients of the food packages were delighted with the humanitarian token from the EARIST Cavite Campus administration.

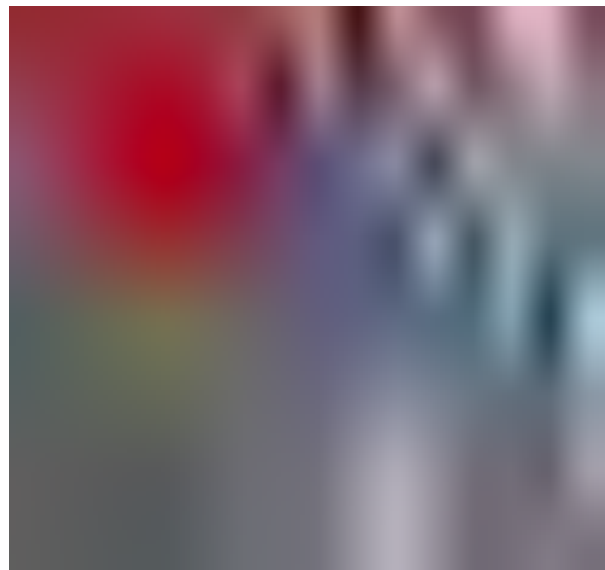

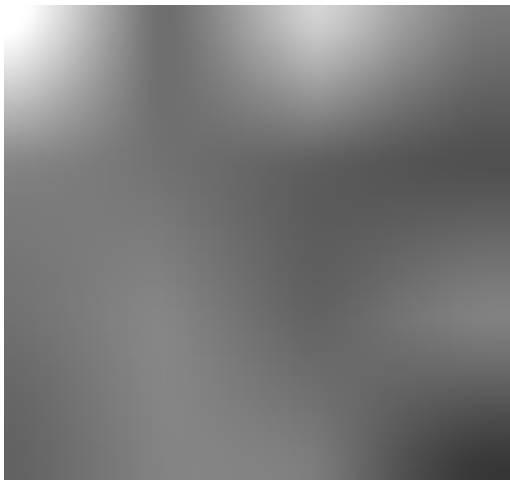

The food packages ready to be distributed to the identified Non-Teaching and Job Order employees of EARIST Cavite Campus.

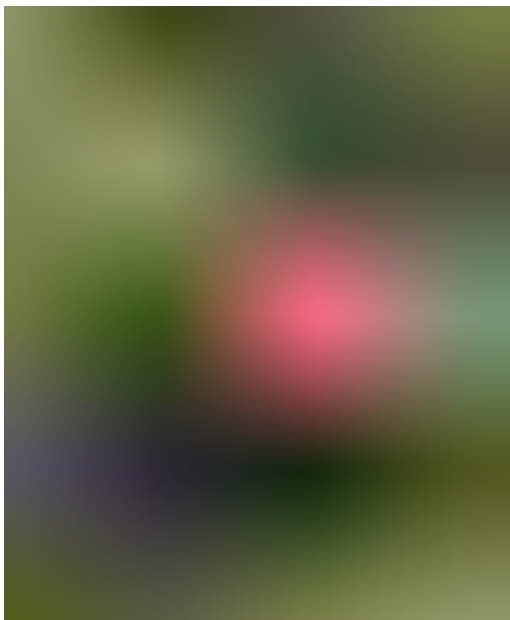

Tree Planting

“He who plants a tree, plants a hope”, a quote from Lucy Larcom which was made possible by the EARIST administration spearheaded by the EARIST Cavite Campus when it started to plant dragon fruit seedlings in their compound which is conducive for tree-planting project.

Initial Planting of Dragon Fruit

The planted dragon fruits as they are taken care of by the EARIST Cavite Campus community.

EARST HYMN

Let the EARST music fill the air
With the echo of our spirit here
There's a magic that will stir the heart
When we sing our lively Euseful march
What a joy to sing the music gay
With it swells with a heart of melody
Let the call to duty we obey,
And the service we give every day.

EARST, your name is proud to bear,
EARST, our love will always share
We pledge to stand by you through
Woble thoughts and deeds
To give you our love and loyalty, true
