THE LIBRARY NEWSLETTER Jun-Aug 2019

Vol.5 Iss.No.3

As a form of respite, Romaquin's family flew to Taiwan for a four-day vacation on June 14-18, 2019, taking time out to relax before finally be indulged to library works in the next months to come.

Places they visited include Yeliu Geopark, Shifer Waterfalls, Jiufen Old ity, Taipei 101, Ximending, Maikong Taiwan.

There has been a lot of preparations due for a seminar-workshop to happen for ECC faculty, having been thought and planned of so many months back, and finally there it is, as it came about.

This was entitled "Research Capability Building" held at ECC Library on June 27, 2019. Guest lecturers invited were faculty members from Manila namely : Engr. Mamaradlo, Dr. Paguigan, Prof. Sison, Prof. Saltorio and Engr. Baral.

This was initiated by the able leadership of the Research Coordinator Dr. De Leon with partnership from Mr. Pena, as the Extension Coordinator, and of course with the support coming from the campus administrator Dr. Coa.

Job well done, my dear colleagues !

ECC Research & Extension conducts seminar

"I love 'Amang' Library"

PAARLNet Convention 2019 held

This year's PAARLNet Convention was themed "PAARL Consortium of Institutional Repositories" which was held on June 27-28, 2019 at the Ateneo de Manila University, Quezon City. R. Soriano being the head of the library services attended this free seminar-workshop which aims to familiarize the participants with the concept of Institutional Repositories (IR's) and how to establish and manage their own IRs in their respective institutions/ libraries. It also intends to equip the participants the knowledge and skills necessary to help them process and organize their digital collections and build their own IRs using available open source digital library platforms.

This is very significant event particularly to member institutions like EARIST so that our libraries can be connected and updated as to the privileges and benefits due its members.

It was remembered that the last year's meeting focused on resource sharing among members since it considers the financial capabilities of majority of its members. We hope that this year, with the proposal been kicked off and MOA been forged, it will be very advantageous to all its members.

Kudos once again to PAARLNet !

VOW for new employees

As a commitment to being a public servant, it has been a mandate of the Civil Service Commission to conduct Values Orientation Workshop (VOW) for newly-hired employees. This activity is being spearheaded by the Human Resource Management, with the leadership of Ms. Christylane B. Bagabaldo, as the Chief. Scheduled in two batches: June 13-15 and June 27-29, 2019 from 8 to at the Conference Hall, Office of the President, one of the library staff assigned in the museum is Panfila Makinano, Administrative Aide whose date of appointment was October 16, 2017, and was one of the attendees of this VOW.

To all of you EARISTians, continue to serve selflessly for the good of others.

Academic sector meets

VPAA Dr. Pena called on the members of the academic sector for a meeting on July 4, 2019 at the VPAA's Conference Room. Hosting the sumptuous lunch served before meeting started was the VPAA himself.

As always Dr. Pena showed dedication and prowess in trying to come up measures and resolutions to any matters of importance regarding the academic community, being thrown and consulted to her

2019 Nutrition Month

Proquest Day by LibTec

Being subscribed to eresources sometime ago, the staff is really grateful for continually been given invitation by LibTec, an affiliate of IGroup Asia-Pacific Ltd. who always make it a point to allow us be part of their yearly event and undertaking for their valued customers. This year's Proquest Meeting was held at Fairmont Hotel, Makati City on "How the Use of Varied Content Types Drives Impact in Research, Teaching and Learning, July 25, 2019. This intends to educate users on the platform differences, providing libraries an information that are suited to their research needs, information literacy and management, and in fostering leadership & integrity of their researchers, students and faculties.

This is their way of showing how valued their customers are since their products have been patronized and catered to their clientele.

Vice-President calls for consecutively emergency meetings

In preparation for ISO certification, a meeting was called by Dr. Pena, VPAA on June 26-27, 2019 to discuss what has been opening on the respective offices assigned and as a sort of follow up for the activities and as such, these offices and services in-charge can already prepare the final process and procedures with forms/ templates, do SWOT analysis and Risk register and action plan. Also discussed was the finalization of the strategic plan.

On July 31, 2019, a meeting on evaluation and presentation of accomplishment report for the months of June-July 2019 was also held and a follow-up again on the status of ISO preparations.

President Pillo meets executive officials

Executive officials were called for a meeting by the President Dr. Pillo on Aug 2, 2019 at 1:30 pm for the following agenda ; status of the preparation for the opening of classes for Aug. 5, 2019, status of the compliance for June-July activities to be reported by the Presidents./ VP's, Directors.

Overall, meeting serves its purpose of polishing out or threshing out very important activities needing to do before opening of classes.

Dr. Pena, VPAA calls for the academic sector's regular meet held at the College of Education (CEN) on Aug. 7, 2019. It has been a practice that each dean of the college hosts the lunch before formally opening the meeting and with this, Dr. Coo, ECC Campus administrator was in charge. The agenda focused primarily on strategic plans 2018-2022.

Academic sector meets

YOU MAY CONTACT US AT 243-9466 LOC 122

We're on the web :earist.edu.ph

In preparation for the opening of classes where there is a shift of academic calendar to begin in August starting this semester from the old calendar of June opening every school year, the library is also doing its best to accommodate and be ready come opening despite the many construction activities being done in the campus which also affects the library services.

This opening of classes in August is pursuant to BOT Referendum No.01 s. 2019 dated May 27, 2019 in compliance with the CHED Memorandum dated April. 5, 2019 that also enjoins SUCs and LUCs to synchronize its respective Academic Year (AY) to a Fiscal Year (FY).

As we welcome you back to school, we are glad to welcome you also in our library. Be there and enjoy your stay.

Welcome back EARISTians to our library

Finally, NUTRINET on its way to BOT

NUTRINET first came out in 2017, starting out with an orientation with DOST-FNRI, and eventually been discussed with the deans of the 3 colleges to be involved such as GEN, CHM and CITE, hoping that an approval for the board will soon signify the start of a membership with them. Finally in August 14, 2019, with the director of DOST (NCR), Dr. Patalinghug and a representative from CHED, together with some executive officials present at Provenciano for NUTRINET as one of the agenda, it was already approved in principle and will just formally be awaiting for BOT meeting in September. Hopefully then, a conforme will be signed to signal the network of EARIST to the other 19 member-institutions of NUTRINET.

J. Abique turns 38

She celebrated her birthday on Aug. 19, 2019 with the library staff with such a delicious and sumptuous foods. Prettier as ever, J. Abique mans the Graduate & Periodicals section at the 3rd floor of the library.

May you continually be blessed and may God grant the desires of your heart.
