MISSION

Turn out vocationally, technically, technologically, and scientifically trained graduates who will be economically productive, self-sufficient, effective, responsible and discipline citizen of the Philippines.

VISION

EARIST is envisioned to be a center of excellence in trades, business, arts, science and technology education.

PHILOSOPHY

As a state college, Eulogio "Amang" Rodriguez Institute of Science and Technology (EARIST) believes that education is not an area of knowledge that can be arrogated unto itself by one profession, nor it is a division separate and distinct from the society and the times in which it flourishes. It is a plexus of knowledge and skills applied to the economic, social and moral development of self-actualized and productive citizenry.

QUALITY POLICY

EARIST is committed to providing quality education and services through continual improvement of its quality management system with compliance to statutory and regulatory requirements that meet the highest level of customer satisfaction.

EARIST HYMN

Let the EARIST music fill the air
With the echo of our spirit rise
There's magic that will stir the hearts
When we sing our lively tune-fun march

What a joy to sing the music gay
When it sounds with a beat of martial air
Let the call to duty we obey
And the service we give every day.

EARIST your name is in our hearts
EARIST our love will always spark
We pledge to stand by you, thru our
Noble thoughts and deeds,
To give you our love and loyalty forever

E. A. R. I. S. T. EARIST, Forever!
